

# BRT NORTHWEST TREE PROJECT - OPTIONS FOR TREES

You can choose any number of the following and mix species or select all the same.

## Shawnee Brave Bald Cypress

**Mature Height:** 50-75 feet tall

**Mature Spread:** 15-20 feet wide

**Sun:** Full Sun

**Details:** A more narrow cultivar of bald cypress, tolerates a wide variety of soil conditions.

## Silverwood Sycamore

**Mature Height:** 75-100 feet tall

**Mature Spread:** 60-80 feet wide

**Sun:** Full Sun

**Details:** White / lacy bark, large shade tree.

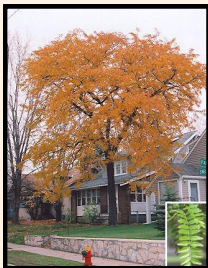

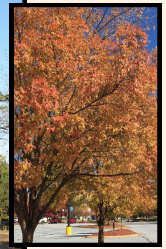

## Lacebark Elm

**Mature Height:** 40-50 feet tall

**Mature Spread:** 40-50 feet wide

**Sun:** Full Sun to Part Shade

**Details:** Common street tree, lacy bark, non-native tree, Oklahoma-proven.

## Shademaster Honeylocust

**Mature Height:** 60-70 feet tall

**Mature Spread:** 40-50 feet wide

**Sun:** Full Sun

**Details:** Fast grow, thornless, highly-adaptable.

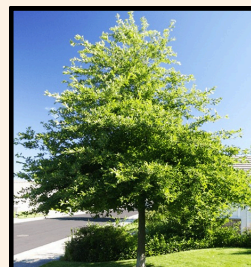

## Black Gum

**Mature Height:** 50-60 feet tall

**Mature Spread:** 20-25 feet wide

**Sun:** Full Sun to Part Shade

**Details:** Deep red fall foliage, provides flowers for native bees and pollinators.
